## Event Coordination Services

Looking for day of manager or someone to just help manage your timeline/vendors? We got you covered! We have various coordination packages to fit your needs and event style.

## Wedding Planning Services

We offer multiple packages from partial to full wedding planning. Once you schedule your initial consultation we will discuss the best package to fit your wedding party. The best part of this service is that our month to day of coordination services are included!

## Design Services

While we work with various vendors in the area to assist us with designing your event, we do offer amazing referrals in the Bay Area. We work hand in hand, while they handle the design aspect and we coordinate the event effortlessly without any road bumps for you and your vendor.

## Rental Items

We have multiple items for rent if you chose not to book any other of our services. We can assist with the setup/break down prior to event day. Inquire for a list of our inventory, pricing, and availability.
